Scenery:

This is an photo-realistic scenery of the Airport LOAD - Völtendorf made of pictures taken there. You will find the runway and the main building (Tower) of the airport. Have a look at the three animated Flags and the Furniture under the roof in front of the restaurant.

Tested with: XP10.11

This is my second scenery for XP, so please be patient and send your suggestions to me: oe3gsu@oevsv.at

I also included all sources. Please feel free to improve my work. But: ... please send me a short notice or the new sources. I want to learn from you!

Released in the public domain. Feel free to modify, improve, correct, and Have fun!
