Airfield Spitzerberg (LOAS) Version 1.1

Photorealistic scenery for X-Plane10

Info:
The airfield Spitzerberg is located 14.7Nm south of Vienna Internationl Airport (LOWW). The field has a marked runway for propeller aircrafts and an unmarked one for sailplaines. The aerosport center Spitzerberg holds also a flight school for propeller- and sailplanes.

Opening hours: PPR, normally 09:00am – 08:00pm local time.
Tower: 122,07 Mhz
Runway: 15/33
NO Jet-A1 available!

Scenery Version 1.1:
Even though the airfield is only for VFR, this version has night lightning included.
Windpowermills are located in the west of the field.
The WindTee is animated and always shows the active runway direction.
OpensceneryX is needed!

Installation:
Unpack the files and place the whole into your X-Plane/Custom Scenery – folder.

Credits:
Thanks to *oe3gsu* from x-plane.at for his trees, bushes and the flag; to *uwespeed* for the 'european vehicles' and *vonhinx* for his 'glider trailers' – both from x-plane.org.
Special thanks to Mr. Oppelmayer, chief of the airsport center, for his permission to move free inside the airfield premises and to take pictures.

This scenery is FREEWARE. Share, enjoy and make it better. Please feel free to give me feedback.
