1. The original

The airfield Fürstenfeld is a sport airfield in the homonymous community of Eastern Styria. He is about 60 km from the nearest international airport Graz and 2 km from the center of the city Fürstenfeld.

(Source: Wikipedia)

The sport flyer club Fürstenfeld operates this unique facility in the heart of the "southeast Steirisch-Burgenland's Thermal Region, with over 180 members in the sections of powered flight, gliding, parachuting and flying model. The airfield has for decades been a popular destination for young and old, the wide range of sightseeing flights over the eastern Styria or the Alps, as well as tandem parachute jumps as a special adrenaline rush offer a special experience.

Frequency:	122.700
Runway heading:	13/31 (129°/308°)
Runway length:	700/655 m
Height above Sea level:	252 m / 828 ft
Runway width:	18 m
Runway:	Asphalt
Sustainability:	Max. 5,7t
Coordinates	47°03'45"N 16°05'08"E

2. The Scenery

The scene is based on publicly available information and maps, as well as photos taken in June 2014. All objects were completely rebuilt.

The package includes night textures and realistic lighting (only X-Plane 10, 11).

Charts

are included in this package.

To use the PCL function, either a plane with standby ADF2 or the LUA script on <http://www.x-plane.at/drupal/node/247> is required.

To the switch the parked aircraft on or off either an aircraft with standby ADF1 or the LUA script on <http://www.x-plane.at/drupal/node/242> is required

3. Functions (summary)

- Photorealistic scenery
- Compatible to "OSM+autogen" or. "Osm_Austria_beta4.1" by PilotBalu
- various buildings in the surroundings
- Realistic ground texture on the airport area and in the environment
- Ramps, taxiways, runways, etc. conform to the Charts
- parked aircrafts on the apron removeable for online-flying
- openable hangar doors (with [HangarOps Package](#))
- PCL (Pilot Controlled Lights)
- Night textures and realistic lightning *)
- ATC-Taxilines for AI-Traffic *)

*) X-Plane 10, 11 only!

Austrian X-Plane Design Group

4. Installation

Just copy the folder " LOGF Fuerstenfeld 2.0" in the compressed file after unpacking in the "Custom Scenery" - folder.

directory structure:

```
<X-Plane-Verzeichnis>/  
    Custom Scenery /  
        LOGF Fuerstenfeld 2.0/  
            Earth nav data and others)
```

and restart X-Plane.

For the operation of the hangar doors the addon "HangarOps Package" from BlueSideUpBob is needed (see Credits).

If the PCL function should be used via the LUA script, the script has to be copied to the "Scripts" folder in the directory "FlyWithLUA".

If you want to witch the parked aircrafts on and off via the LUA script, you have to copy it to the "Scripts" folder in the directory "FlyWithLUA".

5. Recommended settings

To visualize all light effects, HDR should be activated. The higher the settings for "texture resolution" and "airport detail" the better the quality of the scenery but the more affect on the FPS ratio.

6. Erforderliche Software

X-Plane® Version 11.10+, 10.25+ oder 9.7

7. Comments for the X-Plane 9 version

Unfortunately some functions of the scenery must be disabled for X-Plane 9 and therefore it will not look like on the pictures which where taken with X-Plane 10.25.

8. Used Libraries

none

9. Hangar doors

The doors of the hangar can be opened and closed with the following key-codes of the STMA HangarOps-Plugin.

10. Recommended addons

Although the scenery will work without any addons, we recommend to use the following ones for the whole experience (pictures taken with addons installed):

OSM Europe osm+autogen by PilotBalu,

Download from: http://simheaven.com/?page_id=23

to have streets and buildings from OSM and autogen where there is no coverage of such data.

or

Osm Austria beta43.1 by PilotBalu

Download from: <http://simheaven.com/experimental/>

HD Mesh Scenery v2 by alpilotx

Download from: <http://www.alpilotx.net/downloads/x-plane-10-hd-scenery-mesh-v2/>

Europe Library von LyAvain,

Download from: http://simheaven.com/?page_id=14

to see European instead of US buildings.
