## 1. The Original

Tower frequency:	123.200
Runway-direction:	04/22
Runway:	650 x 30m Gras
MSL:	450 m

Welcome to the beautiful Rosental. The surrounding of this small airfield is offering you a nice location for a vacation.

The airfield is located close the former military training camp so called Glainach. South of it we can see the high mountains of the Karawanken.

North of it there is the river Drau with a big reservoir.

## Austrian X-Plane Design Group

### 2. The Scenery

The scenery is based on open for public information and maps. The objects are converted from an FS9 airport designed by Harald Kraft kraft\_harald@hotmail.com. The package includes night textures and realistic lighting (X-Plane 10, 11 only).

#### Charts

none.

### 3. Functions (summary)

- Photorealistic scenery
- Parkpositions, taxiways, runways, etc. conform to the charts
- Different buildings in the vicinity of the airport
- Night textures and realistic lightning \*)
- ATC taxilines for AI traffic \*)

\*) X-Plane 10, 11 only!

### 4. Installation

Just copy the folder "LOKG Glainach 2.0" in the compressed file after unpacking in the "Custom Scenery" - folder.

#### directory structure:

```
<X-Plane-Verzeichnis>/
  Custom Scenery /
    LOKG Glainach 2.0/
      Earth nav data and others)
```

and restart X-Plane.

### 5. Recommended settings

To visualize all light effects, HDR should be activated. The higher the settings for "texture resolution" and "airport detail" the better the quality of the scenery but the more affect on the FPS ratio.

## Austrian X-Plane Design Group

### 6. Necessary Software

X-Plane® Version 11.11+, 10.30+ or 9.7

### 7. Comments for X-Plane 9 version

Unfortunately some functions of the scenery must be disabled for X-Plane 9 and therefore it will not look like on the pictures which were taken with X-Plane 10.25.

### 8. Used libraries

none

### 9. Recommended Addons

Although the scenery will work without any addons, we recommend to use the following ones for the whole experience (pictures taken with addons installed):

OSM Europe osm+autogen by PilotBalu,

Download: [http://simheaven.com/?page\\_id=23](http://simheaven.com/?page_id=23)

to have streets and buildings from OSM and autogen where there is no coverage of such data.

Europe Library from LyAvain,

Download: [http://simheaven.com/?page\\_id=14](http://simheaven.com/?page_id=14)

to see European instead of US buildings.

### 10. Credits

LAMINAR RESEARCH®	for X-Plane®
