1. The Original

Tower frequency:	122.07
Runway-direction:	18/26
Runway:	550 x 18 m Bitumen
MSL:	509 m

The small airport LOLU Gmunden-Laakirchen is located near the village Gschwandt, east of Gmunden and the lake Traun. The beautiful area and a possible visit in Gmunden are enough reason to land at the LOLU airport. The famous Fliegerstüberl is offering good local and international food. A nice beer garden gives as a great view at the so called Traunstein.

2. The Scenery

The scene is based on publicly available information and pictures. All items have been re-created on the basis of photos from <http://www.wildbergair.com/>.

The scenery is based on open public information and maps. The objects were completely rebuilt.

The package includes night textures and realistic lighting (X-Plane 10 only).

Charts

enclosed

3. Functions (summary)

- Photorealistic scenery
- Compatible to OSM+autogen V6.0 from PilotBalu
- Realistic Groundtextures at the airport
- Parkpositions, taxiways, runways, etc. conform to the charts
- Different buildings in the vicinity of the airport
- Night textures and realistic lighting

*)

*)

*) X-Plane 10 only!

4. Installation

Just copy the folder "LOLU Gmunden_V1.0" in the compressed file after unpacking in the "Custom Scenery" - folder.

directory structure:

```
<X-Plane-Verzeichnis>/
  Custom Scenery /
    LOLU Gmunden_V1.0/
      Earth nav data and others)
```

and restart X-Plane.

Austrian X-Plane Design Group

5. Recommended settings

To visualize all light effects, HDR should be activated. The higher the settings for "texture resolution" and "airport detail" the better the quality of the scenery but the more affect on the FPS ratio. **"runways follow terrain contours" has to be OFF!**

6. Necessary Software

X-Plane® Version 10.35+ or 9.7

7. Used Libraries

none

8. Recommended Addons

Although the scenery will work without any addons, we recommend to use the following ones for the whole experience (pictures taken with addons installed):

OSM Europe osm+autogen by PilotBalu,

Download: http://simheaven.com/?page_id=23

to have streets and buildings from OSM and autogen where is no coverage of such data.

Europe Library from LyAvain,

Download: http://simheaven.com/?page_id=14

to see European instead of US buildings.
