Austrian X-Plane Design Group

1. The Original

The Airfield in Leopoldsdorf im Marchfeld formerly had the ICAO-designator LOAL. Currently it is used only by the company "Land- und Forstflug HmbH" as an exterior landing site.

It is 0.75 nm west-northwest of the town of Leopoldsdorf im Marchfeld.

There is no ATC and no ATIS.

2. The Scenery

The scenery is based on publicly available information and pictures taken there in Sept. 2014.

All objects were completely rebuilt.

The package includes night textures and realistic lighting (X-Plane 10 only).

Charts

not available.

Comment: During the approach to runway 31 avoid overflight of the settlement.
Only approved aircraft and only PPR

3. Functions (summary)

- Photorealistic Scenery
- Compatibel to "OSM+autogen" or "Osm_Austria_beta5.0" from PilotBalu
- realistic ground texture at the airport and in the surroundings
- real lighting, individual built
- night textures and lighting *)

*) X-Plane 10 only !

4. Installation

Simply unpack the scenery-folder and copy the content into your 'custom scenery' folder of X-Plane. Restart X-Plane and enjoy.

Austrian X-Plane Design Group

5. Recommended settings

To visualize all light effects, HDR should be activated. The higher the settings for "texture resolution" and "airport detail" the better the quality of the scenery but the more affect on the FPS ratio.

"runways follow terrain contours" has to be OFF!

6. Required Software

X-Plane® Version 10.30+ or 9.7

7. Comments for the X-Plane 9 version

Unfortunately some functions of the scenery must be disabled for X-Plane 9 and therefore it will not look like on the pictures which where taken with XP10.30RC1).

8. Used Libraries

none

9. Recommended addons

Although the scenery will work without any addons, we recommend to use the following ones for the whole experience (pictures taken with addons installed):

OSM Europe osm+autogen by PilotBalu,

Download from: http://simheaven.com/?page_id=23

to have streets and buildings from OSM and autogen where is no coverage of such data.

or

Osm Austria beta 5.0 by PilotBalu

Download from: <http://simheaven.com/experimental/>

HD Mesh Scenery v2 by alpilotx

Download from: <http://www.alpilotx.net/downloads/x-plane-10-hd-scenery-mesh-v2/>

Europe Library von LyAvain,

Download from: http://simheaven.com/?page_id=14

to see European instead of US buildings.
